

Re: Recommendation for Pride Carpets

My name is Kimberly Daoust, Creative Principal & Founder of Tandem. I am writing this letter in regards to Pride Carpets in whom we specified for the guestroom and corridor carpet at our project at the Hard Rock Hotel & Casino Biloxi – Platinum Tower.

It was truly a pleasure working with Pride Carpets as they were efficient, professional, and very knowledgeable. Our local representative, Tony Wideen, was able to guide us through the process to achieve the carpet design that both we and the client were happy with.

I look forward to working with Pride Carpets again on future projects, and highly recommend them to anyone that may be looking for a quality carpet vendor with professional service.

Sincerely,

Kimberly Daoust
